**GENEL SERVİS**

...visit [www.genelservis.net](http://www.genelservis.net) for more information

Genel Servis Inc. is a sister company and a business partner of  
Turkiye Genel Insurance Inc.

Turkey's biggest capital insurer established in the year 1948.  
First and alone financially A+(TUR) awarded by Fitch Ratings.

...visit [www.genelsigorta.com](http://www.genelsigorta.com)  
for more information

As a result of Turkiye Genel Insurance's ingenuity and customer-first focus;  
Genel Servis Inc. was launched in 1994 as an after sales service network aiming to  
minimize vehicle damage repair costs.

Currently Genel Servis Inc. employs over 200 personnel in Adana, Ankara, Antalya,  
Bursa and Istanbul premises on an area of : 31,000 m2.

Selected as the top perpetrator and applicator by Standox -DuPont performance coatings  
group in Turkey in the years 1998-1999-2000-2001-2002-2003-2004-2005-2006

At Genel Inc. we mend thousands of motor vehicles, -17,000 vehicles a year to be exact. And we put them back to traffic. We are not only spare part manufacturers and dealers. Our sister associate company Genel Denetim Inc., is the Spare part consultant and determiner of the policy pricing index for the Turkish Insurers and Reinsurers.

## GENEL DENETİM

A good quality aftermarket part should be an accredited part to be used on an insurance repair work. We know that not every part is a good part. Looks may be great however fitting or functionality can be a problem. Here at Genel, we are not satisfied with the appearance of a part or the shiny paint applied on it. Genel Denetim inc., performs official expertise job for the Turkish insurance sector on the accreditation of parts by the use of 3-dimensional part testing facilities, or tailor made model-jigs for specific parts.

## Declaration of Quality Assurance, Security and Notice of Liability

Steering parts in this catalogue are officially qualified and accredited by Genel Denetim Inc. Co. **GENEL DENETİM** is a proficiency company performing official expertise job for a significant part of the Turkish insurance sector on the accreditation of parts to be used on insurance collision repair work. Parts are qualified by the use of 3-dimensional part testing facilities, or tailor made test model-jigs for specific vehicles. WISHBONES MADE OF BARE STEEL WITH OR WITHOUT BALL JOINT AND BUSHES in this catalogue are manufactured in accordance with the **TÜV CERT** procedures and proof has been furnished that the requirements according to **ISO 9001: 2000 / EN ISO 9001 : 2000** are fulfilled. Audit report no:2.5-1039/2002 .RWTÜV SYSTEMS GMBH, TÜV CERT and TÜV CERT CERTIFICATION BODY OF RWTÜV SYSTEMS GMBH ARE REGISTERED MARKS OR TRADEMARKS OF THEIR RESPECTIVE OWNERS. TÜV CERT, TÜV-Zertifizierungsgemeinschaft e.V., is the umbrella organization of the Technische Überwachungs-Vereine (technical inspection associations), TÜV, for the certification of management systems, personnel qualifications and products in line with international standards and European directives.

A good quality aftermarket part should be an accredited part to be used on an insurance repair work. We know that not every part is a good part. Looks may be great however fitting or functionality can be a problem. Here at Genel, we are not satisfied with the appearance of a part or the shiny paint applied on it. Our subsidiary company Genel Denetim inc., performs official expertise job for the Turkish insurance sector on the accreditation of parts by the use of 3-dimensional part testing facilities, or tailor made model-jigs for specific parts.
